

Test case

- 1) Test for accurate damage, and health representation
- 2) Testing that health is combined on both sides and who's health returns a higher value after being attacked by both opposing bots.
- 3) Post-conditions: With bot's health combined, higher health wins

Bug Report

- 1) Duel Duo "See All Bots" button not responsive
- 2) Click See All Bots, displays all robots
- 3) Expected result: displays all robots
- 4) Actual Result: ERROR GETTING BOTS ReferenceError: botsArr is not defined
- 5) Environment: Google Chrome Version 112.0.5615.139

Test case

- 4) Test for accurate win/loss display
- 5) Testing When display says "You won" watching for win to be added to counter.
- 6) Post-conditions: A Win adds to win count
